Create a safe, sustainable, inclusive, and interactive community

Design an environment where businesses thrive

Lead in maximizing and integrating natural resources

Provide exceptional city services and infrastructure

Attract diverse housing to meet the needs of a growing city

- Develop a mix of housing options to serve a broad range of households and income levels
- Be innovative in mixed-use developments
- Revitalize needed areas with infill housing developments
- Integrate multi-family housing into existing development

Create a safe, sustainable, inclusive, and interactive community

- Continue to be a leader in public safety best practices
- Promote health, connectedness, and sense of belonging in every neighborhood
- Maintain a “hometown feel”
- Develop creative partnerships to expand public transit opportunities
- Make downtown a premier, interactive, and unique destination
- Integrate sustainability and conservation in planning to create a resilient city and improve quality of life
- Generate opportunities for recreation, public art, history, and cultural experiences
- Honor Shawnee’s history as we move into the future

Design an environment where businesses thrive

- Identify areas that would be attractive to and create plans for commercial development
- Attract and retain business clusters that will create a sustainable business culture
- Recruit businesses that will make downtown a premier destination
- Create a corporate business park to attract additional Fortune 100 companies
- Encourage parks and recreational opportunities within commercial development

Lead in maximizing and integrating natural resources

- Capitalize on Shawnee's unique topography and geography by integrating it into developments and site designs
- Promote innovation and efficiency in design standards as updates are made to the Comprehensive Plan
- Incorporate natural resource access into development
- Utilize the Kansas River in future recreational opportunities

Provide exceptional city services and infrastructure

- Support residents in maintaining property through safe building codes that promote new construction and renovation
- Promote beautification by establishing innovative code enforcement strategies
- Provide state of the art stormwater systems through regional partnerships that protect residents' properties
- Create a continuity of regional connections through sidewalks, paths, and trails
- Grow and cultivate a workforce of servant leaders who are fully equipped and prepared to carry out the vision of Shawnee
- Maintain and expand a quality road system, utilizing concepts that promote efficiency and sustainability
- Establish an infrastructure development plan
